MISSOURI OFFICIAL HIGHWAY MAP 2010 - 2012

For FREE distribution by the Missouri Department of Transportation

Dear Traveler,

As Governor of Missouri, I hope your trip through our beautiful state is safe and memorable. Whether you are a first-time visitor or a life-long resident, I'm sure you'll enjoy your journey.

We're constantly working to make our roads, highways and bridges safer and easier to travel. Currently, workers with our Safe and Sound Bridge Program are striving to improve more than 800 of our highest-priority bridges. While traveling through the Show-Me State, please use extra caution in all work zones to help our transportation personnel fulfill their important mission.

Missouri has something to offer everyone, and I hope you will take the time to enjoy the many parks, historic landmarks and shopping districts you'll find all across our state. And I'm sure you'll notice that our residents are quick to offer a friendly smile and a helping hand.

Please travel safely, and buckle up. We look forward to welcoming you back to Missouri often.

Jeremiah W. (Jay) Nixon
Governor

Giving You the Driving Edge

The Missouri Department of Transportation offers a variety of tools to help you get where you're going quickly and safely.

- 24/7 Customer Service - MoDOT's toll-free telephone number - 888-ASK-MODOT (275-6636) - is answered by a live person 24 hours a day, seven days a week.
- Online Traveler Information Map - MoDOT's Traveler Information Map, located at www.modot.org, gives you the latest information on road conditions and work zones.
- Electronic Message Boards - MoDOT has installed 60 electronic message boards along interstates that give information on road conditions, closings and construction.
- Emergency Reference Markers - Located every two-tenths of a mile on Missouri interstates, these signs help pinpoint your exact location in case of an emergency.

Rules of the Road

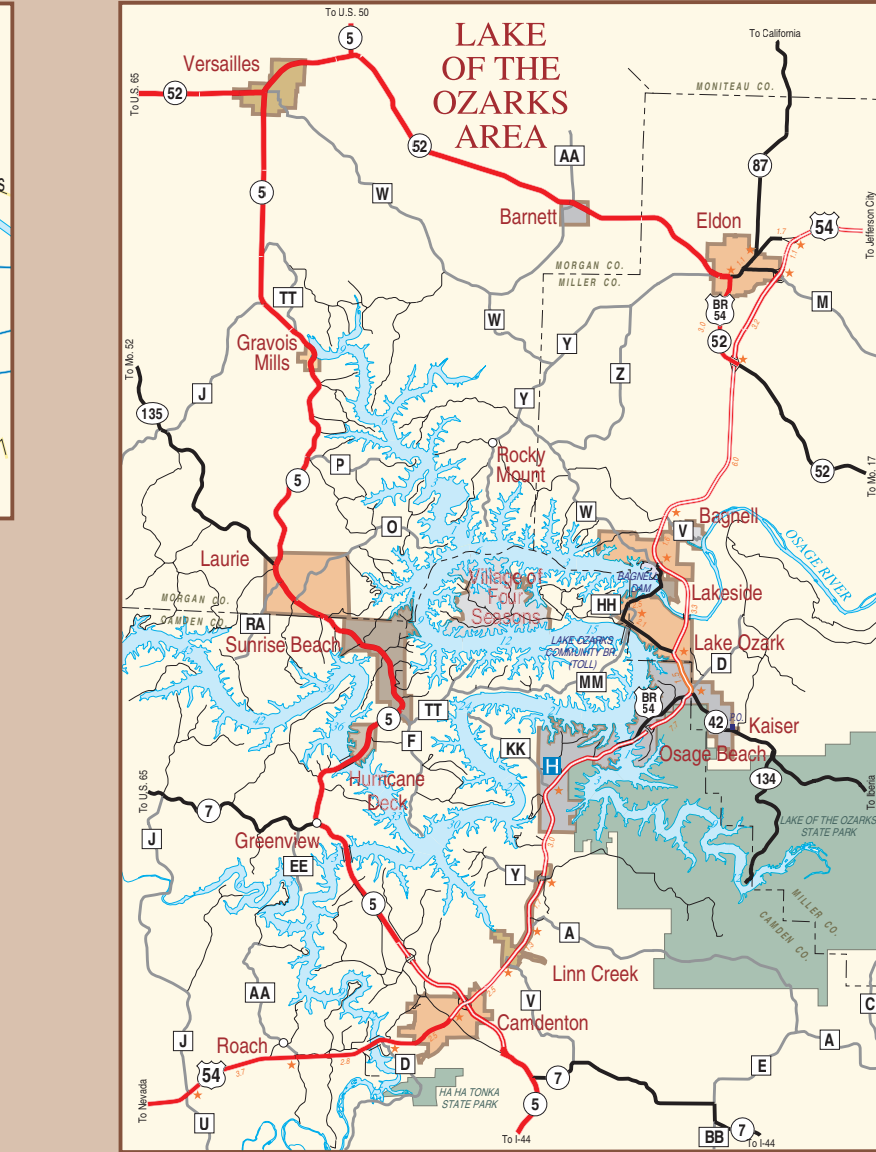

Traffic laws vary from state to state. Here are some Missouri rules you should know.

- Missouri law requires drivers to wear their seat belts.
- Missouri law requires drivers to slow down or move over (when safe to do so) when approaching emergency vehicles working on the highways.
- If you're involved in a minor, non-injury traffic accident, state law requires you to move your vehicle off the road to keep traffic from backing up.
- Children under eight years of age must travel in an appropriate child safety seat or booster seat unless they weigh 80 pounds or are 4 feet, 9 inches tall.
- Headlights must be used in foggy weather and whenever weather conditions require drivers to use their windshield wipers.
- Hitting a highway worker with your vehicle could cost \$10,000, as well as a lost license for a year.

Improving Roads and Bridges, Saving Lives

- Thanks to Missourians' recent investments in the state's transportation system, 83 percent of the state's highways are in good condition.
- Recent highway improvements, along with education and law enforcement efforts by the Missouri State Highway Patrol and other safety partners, have led to a dramatic 24 percent decrease in traffic fatalities in the last three years.
- Missouri is focusing its attention on fixing its bridges. Through the Safe & Sound Bridge Improvement Program - the largest bridge program in state history - MoDOT will repair or replace 802 of Missouri's worst bridges in five years. The bridges to be improved are marked with a sign bearing the Safe & Sound logo.
